Twice the benefits – Established in 1956 in British Columbia, BA Blacktop – a Vinci Construction Canada company— has evolved into a prominent general contractor and design builder with a progressive and diversified portfolio of companies. An ISO 9001:2015 certified company, recognized for its unwavering reliability, BA Blacktop strategically chose MegaDome by BuildWorks to address their bulk-material dry-storage needs.

The construction of two 12,000 sf MegaDome structures at one time was executed with remarkable efficiency with all work completed in just four weeks, resulting in savings to the customer with reduced shared mobilization and mobile equipment. BA Blacktop was able to continue operations with minimal disruption underscoring MegaDome’s commitment to customer service and cooperation.
