MATERIAL STORAGE

The Country Lumber way—Country Lumber has been dedicated to servicing the community's needs for over 30 years! Supplying construction, renovation and restoration materials - from lumber, engineered wood, doors and windows, they are large enough to service you efficiently, but small enough to serve it's

customers. With their continual growth of customers, the need for more dry storage was apparent. One call and a couple of conversations to confirm their requirements and approx... 7 weeks later their new MegaDome was ready to be used.
